

Important Notice for Endsem DMS 201

1 Module 1

In module 1 there were 9 questions 2 marks each. It was a subjective paper. The questions were from the topics Fiedler's Contingency Approach to leadership, Mc Gregor's Theory X vs Theory Y, Hofstede's Cultural and Country Differences, Porter's 5 Forces, Matrix Organization, TOWS Matrix, VALS framework, Hawthorne Studies and Henri Fayol/Frederick Taylor. If I remember mostly questions were to write short note on these topics. I could not upload question paper of module 1 endsem as it was submitted along with answer booklet.

2 Module 2

I could not attach Q5 and Q6. Q5 was a standard question having a table with 2 columns and 5 rows, the columns titles were Probabilities and Returns. Then you have to find mean, variance and standard deviation. In Q6 Beta, Risk Free Rate, Market Risk Premium and T_c were given and then you have to find WACC, Expected Returns and one more thing.

3 Module 3

Module 3 all questions and solutions are uploaded so Enjoy.
